PÊNDULO

VINEYARDS. Grapes from our original vineyards, planted in 2006 by Mr. Barão Bodo von Bruemmer, located in Casal Sta. Maria and next to Praia da Adraga.

YEAR: In contrast to a rainy April, with some pressure of disease in the vineyard, we had a very hot spring and early summer. In Colares, we had a year of medium-low production, with few bunches, but excellent flowering. The harvest began during the month of August, covered by fog from Sintra, and lasted until mid-October. The whites are very aromatic and balanced, while the reds have good fruit definition and excellent concentration.

VINIFICATION: The grapes were harvested by hand, which then rest for 24h in the cold room. They are then carefully sorted through in the winery and after destemming and crushing, they are cold pressed to avoid oxidation

reactions. Fermentation takes place in 225L French oak barrels for about 12 months.

WINEMAKER COMMENT: Straw-yellow colored wine with a bright appearance, it presents rich aromas of stone fruit, slight salinity, and light pastry notes. On the palate it is vibrant and enveloping, with refreshing acidity and a lot of creaminess. The long and intense finish gives it a gastronomic dimension.

CONSUMPTION: It should be drunk at around 8-10°C and can benefit from aging in the bottle for 10 years.

WINEMAKING: Jorge Rosa Santos and António Figueiredo.

VITICULTURE: José Ribeiro Corrêa.
